

New Resident Services

We know the prospect of downsizing and moving to a new home can be daunting. At Bethany Village you don't go through this process alone. Customized Move-In Coordination Services ease the move, and our Ambassador Program ensures a welcoming and smooth transition to your new community.

Move-In Coordination Services

- Home visit to prioritize must-have pieces and create a physical representation of your new residence using a floor plan and scaled cut-out furniture. If your piano is a must, it is a priority to us, and we help you create a plan around it.
- Resources List of recommended movers and professional downsizers; assistance with setting up appointments; day-of moving assistance.
- Moving Checklist and assistance with issues that may arise.
- Years of experience anticipating potential challenges and heading them off at the pass.

Ambassador Program

Bethany Village's resident ambassadors welcome you to the community, and for the first several months, answer questions and introduce you to the people and programs they have come to know and love. Of course, each resident's privacy is respected. You can be as busy and social as you want to be.

Other opportunities to connect include a full calendar of resident-run clubs, programs, and trips; wellness and aquatic fitness classes; on-campus volunteering and continuing education classes, and so much more.

Questions? Contact the marketing team at (717) 766-0279.
